ABOUT US:

The Washington County Home is the most unique facility in the county that sits on almost 300 acres of land. We are increasing our farm-to-table approach, including vegetables from our garden, beef from our cattle, and eggs from our chickens. Our facility is run as an assisted living facility and is governed by the county commissioners. The facility has a capacity to hold 60 residents and we are thoughtful with each admission, ensuring the individual will be a good fit with our current population. We take pride in providing services to those in need of our county residents and we strive to treat our residents as we would family or friends. Contact us today to discuss employment opportunities and for a tour of our beautiful facility!

Banking Center Manager Business Development-Marietta

WesBanco Bank, Inc-Marietta, OH

Posted: 4/10/2024 - Expires: 7/9/2024

Drive employee engagement by enabling a positive work environment that inspires, motivates, challenges, supports and provides ongoing recognition for exceptional performance. Responsible for leading the relationship building efforts, efficient operations of a full-service banking center and ensuring the proper training and development of the staff, in order to provide excellent customer service. Directs the overall sales and service initiatives of the location, assumes a proactive role in customer interaction and service to include meeting with customers, discussing their specific banking needs in person both at the branch, and at the customer's location. Work closely with business partners to service existing and prospective customers. Expected to spend significant time conducting outside sales efforts directed at prospecting business and retail customers, and centers of influence and to participate in community service opportunities in the market. This person may be assigned to more than one office.

From an operational standpoint, BCM provides oversight to ensure that all established policies, procedures, and security measures are followed. Responsibilities also include assisting in hiring, supervising, training and coaching the staff to achieve Bank service, sales and operational objectives.

Skills and Requirements:

- Banking is a highly regulated industry, and you will be expected to acquire and maintain a proficiency in the bank's policies and procedures, and adhere to all laws, rules and regulations that are applicable to your conduct and the work you will be performing. You will also be expected to complete all assigned compliance training in a timely manner.
- Proficient in Microsoft 365 preferred. Ability to effectively use technological resources for meetings, coaching, and training. Proficient knowledge of Banking Software and Digital Services through various types of delivery channels.
- Ability to read and interpret general business periodicals, technical procedures, or government regulations. Ability to write reports, business correspondence, and produce manuals. Ability to effectively present information and respond to questions from associates, clients, customers, and the general public.
- Ability to apply common sense to carry out detailed written or oral instructions. Ability to deal with problems involving concrete variables in standardized situations.
- Must have extensive product knowledge for the level of selling and cross selling performance expected with position.
- Must have excellent organizational skills and the ability to multi-task and to be flexible.
- Proven ability to generate new financial relationships through outbound calling, outside business development and building a referral network.
- Must possess the ability to effectively interact and build positive business relationships with a variety of retail and commercial customers and to clearly express concepts, ideas and product information verbally and in writing.
- Required to have a Nationwide Mortgage Licensing System (NMLS) registration within thirty days of hire.
- Ability to lift and carry up to 25 lbs.
- Must be available to work all hours of operations.

Administrative & Support Services:

Executive Assistant 1

Alliance Industries, Inc -Marietta, OH

At Alliance Industries, we thrive when our people thrive. We're currently looking for an executive assistant to be a supportive force who empowers our senior leadership. The ideal candidate will be a proactive problem solver with exceptional communication skills and meticulous attention for details. This person should have experience working in an office environment, performing administrative duties, and providing support to managers. Given the dynamic nature of the executive landscape, we rely on executive assistants to be flexible and consistent while maintaining the confidentiality of high-level systems and operations.

Required skills and qualifications.

- Four or more years of experience in an administrative role reporting directly to upper management.
- Excellent written and verbal communication skills
- Strong time-management skills and an ability to organize and coordinate multiple concurrent projects.
- Proficiency with office productivity tools and an aptitude for learning new software and systems (Microsoft Word, Excel, PowerPoint, Teams)
- Flexible team player, willing to adapt to changes and unafraid of challenges.
- Ability to maintain confidentiality of information related to the company and its employees.

Preferred skills and qualifications

- Experience in information technology troubleshooting
- Experience in developing internal processes and filing systems.
- Experience using a search engine to access scholarly research and obtain industry publications.

Manufacturing, Maintenance & Laborer:

Assembly Mechanic (Night Shift)

Hi-Vac Corporation– Marietta, OH

Hiring multiple candidates

Pay

- \$16 - \$19 an hour

Job type

- Full-time

Shift and schedule

- Night shift

Hi-Vac Corporation, in Marietta, Ohio is seeking full time Assembly Mechanics for night shift to work in the manufacturing facility. The Assembly Mechanic is part of an assembly team responsible for building mobile and industrial equipment that is mounted on a truck chassis or trailer. Assembly Mechanics work together with other team members and other trades to assemble the finest industrial and environmental equipment available. This role is suited to a “jack of all trades” with mechanical knowledge as well as some hydraulic and pneumatic experience.

Skills and Responsibilities include but are not limited to:

- Mechanical ability with a strong work ethic and eagerness to learn.
- Assembling components and sub-assemblies per work instructions and the instructions of the team leader.
- Attention to detail and exhibits great pride in their work.
- Feedback ideas to team leaders and engineering to improve the product, improve efficiency, and reduce scrap and rework.
- Any experience with hydraulics and pneumatics for heavy equipment would be a plus.
- Able to use all hand tools and power tools used in the assembly and manufacturing of heavy equipment.
- Committed to Excellence and enjoys working on a variety of projects and tasks.
- Set up and operate production equipment in accordance with current good manufacturing practices and standard operating procedures.
- Willingness to change, flex and learn, self-motivated.

Education/Experience:

- High School Diploma or General Education Degree (GED) and
- Post-Secondary Education from a Technical School or
- Mechanical ability with 1 to 3 years working in an environment that requires mechanical ability.

Mining, Oil, & Gas/Truck Driver:

Purchasing Coordinator

Terra Sonic International, LLC– Marietta, OH

Terra Sonic International LLC, (TSi) specializes in the application of Sonic Drilling Technology to the Minerals, Mining, Environmental, Geotechnical & Geo-Construction and Water Exploration markets. Terra Sonic designs, engineers, and manufacturers state-of-the-art Sonic Drill Rigs, Oscillators, Tooling and Support Equipment as well as provides training and support on deployment of proprietary Sonic Technology.

The role of the Purchasing Coordinator is to lead, schedule, and monitor all outside process components throughout their entirety, while minimizing the impact to daily production. It is necessary that this individual enjoys hands-on involvement and a range of day-to-day activities in a manufacturing environment. The ideal candidate will be proactive, detail oriented, highly responsible, and passionate about contributing to the overall success of the team.

Requirements:

- A minimum of 2-5 years' experience in production planning and/or supply chain management related role or in a field where job knowledge & skills are applicable based on education.
- Associate degree or equivalent experience (Business or Supply Chain Management Degree preferred).

Desired skills:

- Excellent communication and interpersonal abilities to foster collaboration.
- Strong analytical and problem-solving skills with keen attention to detail.
- Proficiency in using ERP / MRP systems, data analysis tools, and advanced MS Office skills.
- Experience in project / supplier management.
- Ability to work under pressure, handle multiple priorities, and meet tight deadlines.
- Ability to read Blueprints and prior experience in Quality Control.
- Must be willing to work overtime as required and attend offsite meetings with suppliers.

Professional, Science, & Technical:

I&E Technician

Orion Engineered Carbons– Belpre, OH

I&E Technicians install, repair, calibrate, and maintain electrical equipment, electronic components, and instrumentation. The Orion Engineered Carbons facility in Belpre, OH produces carbon black, which is an essential ingredient in tires and a variety of other rubber products. This is a union shop that offers pay up to \$41.00 per hour, depending on experience. Shift work is required.

Qualifications:

- A high school diploma or equivalent is required; an associate degree or certificate in instrumentation, electronics or a related field of study is strongly preferred; NCCER or equivalent certification is a strong plus.
- At least three to five years of experience as an I&E Technician is required for the higher-level classification; work as a chemical operator may count for some of this experience.
- Candidates who have an associate degree in a relevant field of study, with little or no experience, may be considered for an entry-level position.
- Familiarity with DCS systems, PLCs and process control fundamentals is required; experience with the Delta V control system would be a significant advantage.
- Basic computer literacy and the ability to use Microsoft Office products are expected.
- The ability to successfully complete a battery of pre-employment tests is required.
- Willingness to work in environments for prolonged periods that are hot, dusty, noisy and that require the use of PPE is required; the ability to bend, stoop, crouch, crawl, climb ladders, and lift up to 20 lbs is also necessary.

Schedule:

- 8-hour shift
- Monday to Friday
- Weekends as needed.

Retail:

We're looking for compassionate people like you!

Circulo is hiring Direct Support Professionals (DSPs) to help people with Intellectual and Developmental Disabilities (I/DD) thrive.

MEANINGFUL WORK

From helping with daily activities, to nurturing important life skills, you'll play a big part in helping people with I/DD achieve a more independent lifestyle.

HIGHER PAY

With rates beginning at \$14.50/hr, our DSPs earn the top pay in the industry from day one, and we provide opportunities for growth.

BETTER BENEFITS

We offer full, premium-paid health benefits-including dental and vision-for you and your dependents.
