➤ **Criminal Records Checks and Drug Screens:**

Upon completion of the WSCO OTA Program graduates will be eligible to apply for licensure by examination. Section 4755.70 of the Ohio Revised Code requires all individuals applying for a license issued by the Ohio Occupational Therapy, Physical Therapy, and Athletic Trainers Board to submit fingerprints for a criminal records check completed by the Ohio Bureau of Criminal Identification and Investigation (BCI) and the Federal Bureau of Investigation (FBI). The BCI and FBI records checks are both required for initial licensure. By law, the Board cannot complete the processing of any application until it receives the background check reports from BCI and FBI. The graduate is responsible for the cost of the BCI and FBI records checks.

Potential clinical education sites and employers may also require drug screens and/or criminal records checks/background investigations. The student/graduate may be responsible for the cost of the records check(s) and/or drug screen(s). Individuals who have been convicted, found guilty of, pled guilty to, pled no contest to, entered an Alford plea, received treatment or intervention in lieu of conviction, or received diversion for any of the following crimes (this includes crimes that have been expunged if the crime has a direct and substantial relationship to occupational therapy practice) may be ineligible for placement in a clinical education site and/or for employment:

- A. A gross misdemeanor committed in Ohio, another State, Commonwealth, Territory, Province, or country.
- B. A felony in Ohio, another State, Commonwealth, Territory, Province, or country.
- C. A crime involving gross immorality or moral turpitude in Ohio, another State, Commonwealth, Territory, Province, or country.
- D. A violation of any municipal, County, State, Commonwealth, or Federal drug law.

Please Note: Accepted applicants will be required to submit to a criminal background check facilitated by WSCO and conducted by The Ohio Bureau of Criminal Identification and Investigation. This background check will include, but is not limited to, an analysis of fingerprints and review of prior criminal records. Students with felony, certain misdemeanors or drug-related arrests will be ineligible for admission into the OTA Program. The submission of any false information shall be cause for immediate dismissal from the OTA Program.

Accepted applicants will be required to submit to a periodic drug screen. In addition, students will be subject to random drug screens. Students who refuse/fail to cooperate will be considered "positive". Unsatisfactory/positive results of the drug screen will result in ineligibility for admission and/or continuation in the program.

➤ **Class and Clinical Schedule:**

Applicants to this program should note that the OTA class and clinical schedule are subject to revision. Applicants to the OTA Program should also be aware that OTA technology classes will be scheduled during mornings, afternoons and evenings. Clinical affiliations will be held at off-campus sites during daytime hours. OTA students may find it difficult or impossible to maintain full-time employment.

➤ **Essential Functions of an OTA:**

Applicants to the OTA program should be aware that certain physical, visual, hearing, and cognitive abilities are necessary to successfully complete the classroom, laboratory, and clinical practicum work required in an OTA education program. These abilities are also necessary to perform the essential function of a licensed and certified OTA. The “Selected Characteristics of Occupations Defined in the Dictionary of Occupational Titles,” published by the U.S. Department of Labor, outlines the characteristics required of OTAs.

➤ **Application Deadline:**

Applications to the OTA Program must be fully completed and submitted by September 1st each year to be considered for the student cohort beginning in the following spring semester of the new year.

GRADUATING FROM THE OTA PROGRAM AND BECOMING AN OTA:

Graduates of the program will be eligible to sit for the National Certification Examination for the Occupational Therapy Assistant, administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this exam, the graduate will be a Certified Occupational Therapy Assistant (COTA). In addition, most states require licensure to practice; however, state licenses are usually based on the results of the NBCOT Certification Examination.

PLEASE NOTE:

A felony conviction may affect a graduate’s ability to sit for the NBCOT Certification Examination or attain state licensure.

The OTA Program reserves the right to extend this deadline or admit qualified candidates, on a first come-first served basis in the unlikely event that the class is not filled by the deadline. Applicants receiving this information after the deadline are advised to contact the OTA office to learn if seats in the program remain available.
